

White Noise SFX is a free collection of white noise sound effects crafted by Elias Pettersen aka Ammicuz. The library features a wide range of risers, tension builders, drop noises, sweeps and various other transition SFX which have been designed for use in different styles of electronic dance music.

Elias Pettersen aka Ammicuz is a young producer from Norway, with a passion for sound design and composing. If you appreciate this free white noise sample collection, you should definitely check him out on [SoundCloud](#) or like his page on [Facebook](#) to stay informed about future updates.

This free sample collection provides a handy toolbox of sound effects suitable for use in various music genres such as techno, house, dubstep, etc. The samples are clearly labeled by type, so picking the right type of transition sound effect for the project you're working is almost too easy.
